Foxfire Schools COVID-19 Face Covering Policy

Staff Provisions

All school staff members must wear a face covering made of cloth/fabric that covers the employee's nose, mouth, and chin, unless covered by an exception recognized by the Ohio Department of Health.

A face shield made of flexible plastic that wraps around the wearer's face and extends below his or her chin may be an acceptable face covering under certain circumstances as determined by the Superintendent.

"Staff members" is an inclusive term and includes but is not limited to all salaried and hourly employees, vendors, contractors and volunteers.

A staff member may be required to answer questions and/or supply documentation as appropriate if he or she requests not to wear a face covering.

The Superintendent or his designees' decision to grant or deny an exception or whether a face shield may be used is final.

Foxfire Schools COVID-19 Face Covering Policy

Student Provisions

All students in grades 3-12 must wear face coverings while: (1) on a school district bus, (2) in the hallways and common areas of school buildings, and (3) in classrooms when physical distancing of six feet is not possible.

Requests for exceptions under this section as well as those necessary for students with a documented health or developmental condition shall be considered by the Superintendent/designee, who may request documentation justifying the exemption.

The District will not tolerate harassment of students who are wearing face coverings or those with recognized exemptions to the face covering requirement and will appropriately discipline students or staff who harass or bully students with exemptions or engage in behavior that interferes with any student or staff member's ability to comply with this policy.

Foxfire Schools COVID-19 Face Covering Policy

General Provisions

Failure or refusal to wear a required face covering by a staff member or student may result in discipline in accordance with other District policies, handbooks, and/or codes of conduct, as applicable.

If a student who is required to wear a face covering does not have one, he or she will be provided an acceptable face covering by a staff member. This policy shall supersede any conflicting provisions in other District policies, handbooks, or procedures.

The Board authorizes the Superintendent to amend these requirements as necessary to meet federal and state guidelines.

If your child is ill

There is a newly revised Illness Policy in place for the 2020/2021 school year that each parent/guardian must read and sign. If your child would become ill at school they have the opportunity to have an in person or telehealth appointment with a provider at Muskingum Valley Health Center through our school link program. The school nurse will speak to a parent/guardian first, schedule an appointment if wanted, and a Foxfire staff member will either accompany the student next door to MVHC or set up a telehealth appointment to be done on an electronic device. Every child (even established patients) must have the appropriate forms filled out before using this service. They do NOT have to be a patient of MVHC and this does NOT replace their primary care provider. If the provider determines the student needs to be tested for COVID-19 they can place an outpatient order to be completed at Genesis while staying in the car.

New COVID-19 Illness Policy

- If your child has a fever of 100.0 or higher with NO other symptoms they can return to school only after being fever free for 72 hours without the use of fever reducing medicine
- If your child has ANY signs of COVID including but not limited to: cough, shortness of breath, difficulty breathing, chills, body aches, headache, sore throat, new loss of taste or smell, GI issues (nausea and vomiting or diarrhea) OR an exposure to a case of COVID-19 they should stay home or will be sent home. They may return with a healthcare provider's permission slip or after at least 3 days (72 hours) have passed since recovery defined as resolution of fever without the use of fever-reducing medications AND improvement in respiratory symptoms (e.g., cough, shortness of breath); AND, At least 10 days have passed since symptoms first appeared.
- To return to school after ANY illness the student must be transported to school by an adult and checked by the school nurse before they can return to class.
- If a student is diagnosed with COVID-19, the student must meet the Zanesville Muskingum County Health Department (ZMCHD) criteria in order to return to school. If an immediate contact or the student has been tested for COVID-19 the student should remain at home until results are back.
- A quarantine period may be required for any student who is determined to have close contact with a COVID-19 case as determined by ZMCHD.
- If the school nurse determines the child needs picked up it is NOT negotiable and you as a parent/guardian are REQUIRED to have MULTIPLE options for IMMEDIATE student pick up.
- Any red, crusty, draining eye should be evaluated by a healthcare provider and student must be on antibiotic drops (if prescribed) and no drainage for 24 hours before returning.
- Any rash or skin condition especially ones with fever, painful sores, or drainage need to be diagnosed by a healthcare provider before returning.

If a student or staff member is positive for Coronavirus

Foxfire Schools will be following the Zanesville-Muskingum County Health Department's guidelines, protocols, and communication tactics if any student or staff test positive for COVID-19.

If student/staff is diagnosed with COVID-19, the student/staff must meet the Zanesville Muskingum County Health Department's criteria in order to return to school.

If student/staff have a direct exposure to someone who is ill and being tested or if they were tested for COVID-19 they should remain at home until results are known.

Nurse's Office Policy

In an attempt to prevent the spread of COVID-19 there will be a specific way to utilize the nurse's office this year.

1. No student should be sent to the nurse's office without a phone call first. I am not always in my office and we do not want kids wandering hallways or waiting outside my door.
2. Any minor complaint should be handled in the classroom if at all possible. Every teacher will get a bag like last year with supplies such as band-aids and feminine products (when appropriate). If you don't feel comfortable deciding what to do call me and I will advise over the phone or come to the classroom if able.
3. We cannot have our frequent visitors in the office taking up time during these new guidelines. For them I suggest trying some things in class first. Have them take a drink, use the bathroom if needed, and lay their head down for a few minutes. Of course if you believe someone is truly ill then I will always see them.
4. I will have two offices; my main one or the well clinic is for medication administration, injuries, rashes, etc. The ill clinic will be the locker room to the left in the gym. This is for sick or suspected COVID students only! **Only certain staff members with authority will be allowed in this room with appropriate PPE on.** This bathroom CANNOT be used by staff anymore.
5. The locker room to the right in the gym will be for our students with non-illness related bathroom issues. Since I will be in and out of my office, this area will always be accessible and has the showers if needed. I will have drawers labeled with each student's supplies in them so they can easily get what they need.
6. I will be going back and forth from the well to ill clinic when needed so leave a message if I do not answer and I will call you back. In the event of a true emergency the office staff can always contact me.
7. Only permitted staff will have access to my main office.
