

Foxfire Schools PBIS Program Newsletter

Respect, Responsibility, and Resilience

Positive Behavior Interventions and Supports (PBIS) is an evidenced based program that aims to improve school culture by reducing negative behaviors during structured and unstructured time on school campus. Through school-wide clearly defined expectations and positive and negative consequences the school environment improves and academic growth and performance is reflected. Foxfire Schools aims to Serve the Whole Child and wants to continue to grow in our relationships with our families to establish a strong home to school connection.

The FOXFIRE Way

PBIS Fundamentals

Foxfire has chosen to emphasize **RESPECT, RESPONSIBILITY, AND RESILIENCE** in our school culture. During each month of the 22-23 school year students will have lessons, initiatives, and incentives associated with the 3Rs. Through improving our district culture, academics will improve and our student's will feel well supported. Please ask your student about the PBIS lessons that they are learning and support them in practicing at home!

**RESPECT, RESPONSIBILITY,
RESILIENCE**

SCHOOL AND HOME PARTNERSHIP

Parents we need your help!! Talking with your student about what they are learning and supporting them in practicing new skills to improve their respect, responsibility, and resilience can help to reinforce the lessons that they are learning in the academic environment. We are hopeful that together we can continue to provide your student with positive strategies that are aimed at serving the **WHOLE CHILD**.

Foxfire Schools is committed to working together with our students and families to support students in academic, social, and behavioral growth.

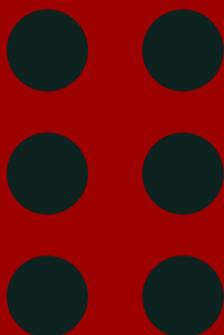

Foxfire Schools Connect the Dots Newsletter

Academic Mentoring Program

Foxfire Schools believes in the power of connection. Connect the Dots is a program that connects your student with an academic mentor from our qualified staff that will provide your child with support for academic growth and social development. Each student has a staff member who is committed to monitoring their progress in the school environment. Foxfire Schools aims to serve the Whole Child and wants to continue to grow in our relationships with our families to establish a strong home to school connection. The Connect the Dots program focuses on academic and non-academic barriers to your student's success and should not replace any other services or supports that they may be receiving. Together we can make a difference in the life of your student!

The FOXFIRE Way

Connect the Dots

We know that our parents are committed to their student's success. The Connect the Dots program is a means to have your child's academic growth and development closely monitored to support academic success. Foxfire Schools believes that when students are connected to adults in their school environment they are more successful in the classroom. Our goal is to support your efforts as a parent in providing your children with resources to achieve inside and outside of the classroom.

Every Child Deserves a Champion

SCHOOL AND HOME PARTNERSHIP

Foxfire Schools wants our parents to feel supported in working with their student to achieve academic and social growth. The goal of the Connect the Dots program is to provide every student with personalized attention to ensure that they have additional progress monitoring. Connect the Dots program is intended to serve as another support to support your child's academic and social gains. We are hopeful that together we can continue to provide your student with connections that are aimed at serving the WHOLE CHILD.

COMMUNICATE

Connections and Services

The Connect the Dots program is intended to support students not to take the place of any other services that they participate in the community or in the school environment. In addition to the Connect the Dots academic mentoring program your student can access the following services at Foxfire:

- Mental Health and Behavioral Counseling
- Drug and Alcohol Counseling
- Psychotropic Medication
- MVHC
- Job and Family Services Programs
- Student Wellness Groups
